

**Are you an LGBTQ+ identifying student or staff at  
the University of Cambridge?**

I am glad this flyer has found you!

My name is Elisabeth and I am a researcher at the lgbtQ+@cam programme (School of Humanities and Social Sciences, University of Cambridge).

I am looking for LGBTQ+ identifying Cambridge students and staff to find out more about LGBTQ+ disclosure and concealment within the university community. This research will be used to pursue policy change at the university to make Cambridge a safer space and to keep supporting and enabling resources that already make a difference to LGBTQ+ identifying students and staff.

If you are interested in sharing your experiences in a short semi-structured interview, I would love to listen.
